Education

Indian Institute of Technology, Bhubaneswar

B.Tech in Electronics and Communication Engineering (ECE)

GPA: 8.05

Nov. 2022 - Jun. 2026

Intermediate college

Percentage: 98.7%

Sri Chaitanya Jr College

2020-2022

School

Percentage: 100%

Sri Chaitanya E.M High School

2016-2020

B.Tech Research Project

Performance Analysis of FL Training Over LEOSATs

Federated Learning, Python, PyTorch

- Developed a **Python-based framework** for **Federated Learning over LEO satellite networks** with realistic communication modeling including latency, packet loss, and bandwidth variation.
- Implemented **packet-level model transmission** and reconstruction for communication-aware FL.
- Evaluated aggregation methods including **FedAvg, Reliability-Aware FedAvg, FedNova, and FedAdam** under dynamic network conditions.

Projects

Stocks Anomaly Detection using LSTM Autoencoder

Deep Learning, Python

- Developed a **2-layered LSTM Autoencoder** to detect anomalies in stock price time-series data.
- Engineered time-series features and visualized anomalies to identify unusual market activity.

Music Genre Classification Using Deep Learning

ML, DL

- Preprocessed and segmented **GTZAN** audio tracks into overlapping windows and generated **melspectrogram** features.
- Built a **10-layer CNN (VGG16-inspired)** using **TensorFlow** for music genre classification with improved robustness and accuracy.

Movie Recommendation System using Machine Learning

Python, ML, Pandas

- Built a **content-based movie recommender** using metadata features.
- Used **similarity algorithms** to generate personalized suggestions.

Data Cleaning and Standardization Project

SQL

- Adv SQL techniques(CTEs) used to **clean, deduplicate, and standardise** raw-data for analytics.
- Improved data reliability, producing analysis-ready datasets for business intelligence workflows.

Key Skills

- Programming Languages:** Python, SQL, C, C++
- Tools and Software:** MySQL, Jupyter Notebook
- Courses:** ML, DL, Financial Management, Environomics, International Business
- Libraries and Frameworks:** NumPy, Pandas, Matplotlib, Scikit-learn, TF/Keras

Achievements

- 99.638** percentile in **JEE Mains** and **4123** rank in **JEE ADVANCED**.
- 121** rank in **COMEDK EXAM** and **630** rank in **TS EAMCET**.

Positions of Responsibility

Counselling Service Team, IIT Bhubaneswar

Apr 2023 - Apr 2024

- Mentored and guided **15+ 1st-year students** in academics, campus life, and personal well-being.
- Member, Design & Management Team.

E-Summit, IIT Bhubaneswar

Dec 2022 - Jun 2024

- Associate, E-Summit '23 and Core Team Member & Legal Head, E-Summit '24.

Extra-Curricular Activities

- Worked as a **Finance Member at FEBS**, actively participating in and organizing multiple events.
- Actively engaged as a member of NSS and Souls for Solace, contributing to various initiatives.
